Executive Summary

OrbitAvanya Tech LLP is pleased to present this formal subcontracting teaming proposal to TechForward Solutions LLC in response to Solicitation N00164-26-R-0001 issued by Federal Agency.

We propose to serve as a key subcontractor, contributing 15.0% of the total contract scope, with a specific focus on AI & Analytics. Our AI Analytics Dashboard platform directly addresses the core technical and operational requirements outlined in the solicitation.

OrbitAvanya Tech LLP brings extensive experience in enterprise software delivery, cloud-native architectures, and government-facing digital transformation initiatives. We are positioned to add measurable value to TechForward Solutions LLC's delivery capability for this engagement.

Key Highlights

- Proposed work share: 15.0% of total contract value
- Core offering: AI Analytics Dashboard for AI & Analytics
- Demonstrated track record in enterprise digital transformation
- Cloud-native, security-compliant architecture
- Experienced delivery team with government sector expertise
- Committed to on-time, on-budget delivery with SLA guarantees

Respectfully,

Ranjeet Kumar Singh

Founder & CEO
OrbitAvanya Tech LLP (AvanyaEdge)

Strategic Context

This teaming proposal outlines OrbitAvanya Tech LLP's qualifications and commitment to supporting TechForward Solutions LLC in delivering a successful outcome for Federal Agency under Solicitation N00164-26-R-0001.

Finding 1 • Federal Agency requires specialized technology capabilities

The solicitation from Federal Agency outlines a comprehensive set of technical and operational requirements that demand deep domain expertise in AI & Analytics. TechForward Solutions LLC, as the prime contractor, can significantly strengthen its delivery capability by partnering with OrbitAvanya Tech LLP.

- Database Management

Finding 2 • OrbitAvanya's capabilities directly address the solicitation requirements

Our AI Analytics Dashboard platform and delivery framework have been purpose-built for engagements of this type. We bring proven methodologies, reusable components, and a track record of successful delivery in similar government and enterprise contexts.

- Direct alignment with: Database Management
- Rapid onboarding and integration with prime contractor processes
- Dedicated program management and technical leadership

Finding 3 • Structured delivery minimizes risk and ensures compliance

Our phased delivery approach, milestone-based tracking, and robust quality assurance processes ensure that all deliverables meet the standards expected by the government agency and the prime contractor.

- NIST Guidelines

Scope of Work

As the proposed subcontractor for this engagement, OrbitAvanya Tech LLP will be responsible for delivering the following scope of work as part of the prime team:

Deliverables

- Database Management

Technical Requirements Alignment

RFP Requirement	Our Solution	Alignment
Database Management	PostgreSQL & MongoDB Optimization	✓ Full

Our Proposed Solution

OrbitAvanya Tech LLP proposes to deliver the AI Analytics Dashboard as our core contribution to the TechForward Solutions LLC team for the an Enterprise Financial Analysis & Predictive Modeling System engagement.

Our platform is built on a modern, cloud-native architecture designed for the scale, security, and compliance requirements of government and enterprise engagements. It integrates seamlessly with existing infrastructure and can be rapidly deployed within the timeline requirements of this solicitation.

The solution leverages industry-leading technologies and best practices, ensuring full alignment with the technical and operational requirements outlined in N00164-26-R-0001.

Core Capabilities

Capability	Description
Database Management	Enforces database performance optimization, indexing, and clustering using PostgreSQL and MongoDB.

Technology Stack

- React
- Next.js
- Python
- FastAPI
- Node.js
- PostgreSQL
- MongoDB
- AWS

Implementation Timeline

The following phased delivery plan reflects OrbitAvanya's structured approach to executing our 15.0% work share within the prime contractor's overall project timeline.
