

Product Match Report

Orbit Avanya LLP Product Catalog vs. DLC Website & WCMS RFP

Prepared for: Internal Bid Team, Orbit Avanya LLP

Target RFP: DesignLights Consortium (DLC) — Website Design & Development and Web Content Management Solution

Reference: OA-DLC-RFP-2026-001

Top Match

86.0%

Corporate Website Solutions (Business domain)

This report scores every product in the Orbit Avanya catalog against the DLC RFP using the weighted matching model defined in the Orbit Avanya Bid Intelligence Rule Engine (Keyword 30%, Industry 20%, Pain-Point 15%, Compliance 15%, Budget 10%, Technology 10%). Products are ranked below; only the top matches should be referenced in the client-facing proposal.

Full Ranking — All Catalog Products

Rank	Product	Domain	Score	Fit
1	Corporate Website Solutions	Business	86.0%	Recommended
2	AI Analytics Dashboard	AI	77.0%	Complementary
3	Help Desk Portal	Support	75.0%	Complementary
4	CRM	Sales	75.0%	Complementary
5	Citizen Service Portal	Government	73.0%	Complementary
6	ERP	Enterprise	72.0%	Complementary
7	LMS	Education	71.0%	Complementary
8	School Management System	Education	71.0%	Complementary
9	HMS	Healthcare	68.0%	Complementary
10	Agriculture Portal	AgriTech	68.0%	Complementary
11	HRMS	Human Resources	68.0%	Complementary
12	Inventory Management System	Supply Chain	68.0%	Complementary
13	E-Commerce Platform	Retail	68.0%	Complementary
14	Payroll Management System	Finance	68.0%	Complementary
15	Fleet Management System	Logistics	68.0%	Complementary

Recommended (≥80%): lead with this product in the proposal. **Complementary** (60–79%): position as an add-on module or future phase. **Not a fit** (<60%): omit from the DLC response.

Scoring Detail — Top Matches

Corporate Website Solutions — 86.0% overall

Factor	Weight	Score	Bar
Keyword Match	30%	100.0%	#####
Industry Match	20%	100.0%	#####
Pain-Point Match	15%	100.0%	#####
Compliance Match	15%	33.3%	#####- - - - -
Budget Fit	10%	85.0%	#####- - -
Technology Match	10%	75.0%	#####- - - -

Why it matches: Technology overlap with RFP-mentioned capabilities (ai, analytics, api, google analytics, mobile, workflow); security/compliance overlap (audit trail, iso 9001); pricing note: Enterprise/custom pricing tier available (fits a \$150K+ multi-phase engagement).

AI Analytics Dashboard — 77.0% overall

Factor	Weight	Score	Bar
Keyword Match	30%	100.0%	#####
Industry Match	20%	55.0%	#####- - - - -
Pain-Point Match	15%	100.0%	#####
Compliance Match	15%	33.3%	#####- - - - -
Budget Fit	10%	85.0%	#####- - -
Technology Match	10%	75.0%	#####- - - -

Why it matches: Technology overlap with RFP-mentioned capabilities (ai, analytics, api, google analytics, mobile, workflow); security/compliance overlap (audit trail, iso 9001); pricing note: Enterprise/custom pricing tier available (fits a \$150K+ multi-phase engagement).

Help Desk Portal — 75.0% overall

Factor	Weight	Score	Bar
Keyword Match	30%	100.0%	#####
Industry Match	20%	45.0%	#####- - - - -
Pain-Point Match	15%	100.0%	#####
Compliance Match	15%	33.3%	#####- - - - -
Budget Fit	10%	85.0%	#####- - -
Technology Match	10%	75.0%	#####- - - -

Why it matches: Technology overlap with RFP-mentioned capabilities (ai, analytics, api, google analytics, mobile, workflow); security/compliance overlap (audit trail, iso 9001); pricing note: Enterprise/custom pricing tier available (fits a \$150K+ multi-phase engagement).

Recommendation Summary

Lead the DLC proposal with **Corporate Website Solutions** as the core platform (public website redesign + WCMS). Position **AI Analytics Dashboard** as an optional Phase 2 module for QPL usage analytics and member insight, and **CRM / Help Desk Portal** as optional sub-projects supporting member and manufacturer relationship management and submitter support, respectively, consistent with the RFP's request for 'a framework that can integrate new tools in the future.' All other catalog products score below the complementary threshold and should not appear in the DLC-facing response.
